

MARKET STATISTICS - AÑO 2007 REGULACIÓN & CONTROL

The annual meeting of the working group , Regulation & Control of AFEC, has taken place.

Attendants to the meeting received the results of the market statistics corresponding to year 2007. This information in brief is shown here below.

Market data for year 2007 divided by segments, are:

- 1. PRODUCTS: 72,69 MM Euros.**
- 2. SYSTEMS: 92,37 MM Euros.**
- 3. SERVICES: 33,43 MM Euros.**

In accordance with the above, the total market amounts to **198,49 MM Euros**, which leads to an apparent market increase of 17,35 % over year 2006.

Note: as the number of companies participating in the collection of statistics in this instance, 16 in total, varied over year 2006, the apparent market increase should only be considered as a guidance.

Additional information including historical data, comparisons etc can be found at AFEC WEB page:
